

Welcome to
VS BREGENZ SCHENDLINGEN

Primary School

Our school is located in the west of Bregenz, the capital of Vorarlberg.

On March 16th 1968 a new school was opened in Bregenz –VS Schendlingen.

In May 1967 the large gym was opened.

In the first years there were up to 45 pupils in one class which was really hard work for the teachers to educate efficiently.

In the end of the 70ies the rising number of pupils made it necessary to enlarge the building. In November 1980 the new part of our school was opened.

Since September 2008 Bruno Jagg is headmaster of VS Schendlingen.

In the actual school year there are 392 children, 34 teachers and 5 social workers part of our school.

The pupils are taught in 18 different classes, two of them are integration-groups.

The pupils have the possibility to have lunch at school and to take into account the supervision in the afternoon where they can do their homework and play until 5 p.m.

Beside the normal subjects that are taught in every primary school the pupils at VS Schendlingen can choose some additional subjects as drama, chorus, handball, gymnastics and Spanish.

Children with a foreign mother tongue get one German lesson in addition every week.

The classes organize different outdoor activities like climbing, visits to museums and indoor swimming pools, ice skating ...
